ORSCNA Regional Motion Form

Motion #: _2025 013_
(To be assigned by Secretary)

Date Submitted: 07/12/25

Motion: ** If motion changes policy, please indicate the section(s).

To approve having the ORSCNA Webmaster create both Google Voice and Google Workspace accounts for the Ohio Region at a cost of roughly $34/month. And also to approve having the ORSCNA Webmaster create a test Help Line and assess the viability of these technologies for hosting our own Help Line in the long term.

Intent:

To determine whether these technologies can be used to create an effective Help Line in order to replace the existing Town Hall phone line service which would save the Ohio Region approximately $3000/year.

Maker: Mark R., ORSCNA Webmaster

Seconded By:

Pro:

1. Save money for the region.
2. Have more control over the service that we provide through the Help Line.

Con:

1. We would need a number of volunteers to staff the Help Line.
2. This would add to one of the trusted servant's duties - either Webmaster or Phoneline Coordinator.

MOTION IS TO BE BROUGHT BACK TO GROUPS TO BE VOTED ON?   YES ○   NO ○

Vote: 0 For   0 Against   0 Abstain

Disposition of Motion: Carried ○✓   Defeated ○   Tabled ○
